

Dear Colleagues,

with this letter we invite you to participate in the 3<sup>rd</sup> International Conference ***“Agrophysics Trends: from actual challenges in arable farming and crop production towards advanced technologies”***. The Conference will take place at the Agrophysical Research Institute, Saint-Petersburg, on 14-15 September 2021. The Organizing Committee would encourage papers on the following topics:

- Crop production management: physiology, genetics, biophysics and breeding of plants and biotechnologies.
- Advances in soil agrophysics.
- Soil fertility management and land quality assessment under climate change.
- Mathematical modeling, information technologies, precision agriculture.

Abstract submission deadline is **April 19<sup>th</sup>, 2021**.

Full paper submission is **June 28<sup>th</sup>, 2021**.

Registration [form](#)

Abstract submission: [agrophys.inst@yandex.ru](mailto:agrophys.inst@yandex.ru)

The objective of the Conference is to provide the interdisciplinary and creative scientific environment for discussing new ideas on innovative and multidisciplinary research related to crop production, soil quality and management, information technologies in agriculture.

We hope to meet many of you at this biennial event for current and future discussions.

Best regards,

On behalf of the Organizing Committee  
Natalya Buchkina
